### **Scope**

Engineering, Technical, and Programmatic Support Services for Federal Defense and Civilian Agencies worldwide.

SeaPort-E encompasses a wide variety of engineering, technical, program management, and financial management professional support services. It utilizes a web-based electronic procurement system to facilitate performance-based service acquisition. The SeaPort-E contract vehicle furthers the Navy's objective to increase efficiency and allows geographically dispersed organizations with diverse technical support requirements and missions, like C3R, to tailor their requirements within a specific task order. Authorized users of C3R's SeaPort-E contract vehicle include all warranted contracting officers of NAVSEA, Naval Air Systems Command (NAVAIR) Space and Naval Warfare Systems Command (SPAWAR), Naval Supply Systems Command (NAVSUP), Naval Facilities Engineering Command (NAVFAC), Strategic Systems Program (SSP), Office of Naval Research (ONR), US Marine Corps, and the Defense Threat Reduction Agency (DTRA) throughout the contract's geographical zones. The [SeaPort Vendor Portal User Guide](#) contains the details of how to use the NAVSEA SeaPort Vendor Portal and BID System from the contractor point of view. It is intended to provide guidance on how to:

- Use the Portal in general
- Review events and solicitation
- Submit bids
- Perform company self-administration functions such as new user invitation and role assignment
- Respond to annual TOPE (Task Order Performance Evaluation) notifications
- Respond to ad-hoc IRD (issue resolution desk) messages generated by NAVSEA
- Respond to semi-annual requests for sub-contracting actual data at the Task Order level
- Perform company administration functions
- Manage individual user profile
