
Concord Crossroads, LLC Awarded the Army Corps Engineer Contract

DUMFRIES, VA

July 2017

ABOUT US

Concord Crossroads, LLC (C3R) is a Service Disabled Veteran Owned Small Business (SDVOSB) and is an SBA Certified 8(a) company. C3R was founded by retired Army Colonel Claude A. Wood with the purpose of providing expert solutions to the federal government in the areas of Force Protection and Mission Assurance.

C3R's core strengths are supporting antiterrorism strategic planning and program management, physical security, intelligence operations and analysis, cyber technology, defense critical infrastructure program management, emergency management, biometric security program management, terrorism vulnerability assessment planning and execution, training and program support services, administrative personnel security and adjudication, and operational infrastructure support. C3R is headquartered in Dumfries, Virginia and is providing innovative solutions on military installations both CONUS and OCONUS.

Contact Nichelle Sowers at 703-670-8772, ext. 300.

On July 25, 2017, the United States Army Corps of Engineer (USACE), awarded Concord Crossroads a contract to upgrade several security points and zones at an Army military base in North Carolina. The security upgrades will ensure that the protected facilities along with entry and access points are in compliance and meet the appropriate Department of Defense guidelines. Concord Crossroads technical experts will design, fabricate, and install all required components. This upgrade will provide an innovative, technical solution to create a compliant, secure, integrated, state-of-the-art Access Control System. Concord Crossroads will team with established national experts who are a leading Electronic Security provider to ensure the work is completed efficiently and timely. Team C3R is honored to serve as the Security System Integrator in support of the USACE.
